MANUFACTURER'S CERTIFICATE

(This document is not required by an import regulation, it is issued voluntarily)

**We confirm that the moulded Presswood pallet (particle board) packing
destined to be exported to Nigeria, by our client**

are manufactured, in the same way as particle board. After drying the wood at 300 F (150 C°) to a moisture content below 4 %, it is moulded in addition with synthetical binder under a pressure of approx. 1300 psi and 400 F (200 C°) degrees. This moulding process can not be survived by any plant pests.

Therefore these pallets are considered as processed wood in the meaning of **FAO-IPPC-
ISPM15**. This is riskless material according to **FAO-IPPC-ISPM15, (International Plant
Protection Convention – International Standards for Phytosanitary Measures)**.

**We confirm that these moulded particleboard pallets are of processed wood and are
not considered as "solid wood packing material (SWPM)
according to letter of NIGERIA PLANT QUARANTINE SERVICE No. PQPH 62/VOL.V78
of 16/08/2004 which is in effect since 30th of September 2004**
